

Small Venue Production

2,000 - 5,000 seat indoor venues

Video Audio Productions Inc

Kentucky's Leading Audio / Visual Production Service Company

Arena Concert Production

2,000 - 5,000 seat indoor venues

Room requirements are not one size fits all and neither are budgets. We at Pro Video Audio Productions have the flexibility to fit a concert system to the environment, and the experience to turn key the entire show in an efficient cost effective package.

Every technical position is filled with a well trained and industry experienced crew person. Expect a professional and pleasant event when you work with our staff. Each member of our team understands that it takes more than knowing just how to turn knobs and plug in cables to be a success. We choose to be in this business and we work hard everyday to make this industry better.

For more information on this and many other services provided by Pro Video Audio Productions Inc., please visit our website.

With Pro video audio Productions' experience, there is never a bad seat in the house. Bring video into a small venue for an intimate experience for every audience member.

At Pro Video Audio Productions our client relationships are a testament to our customer service. We continue to experience a level of repeat business that is unparalleled in the industry. We would like to start that kind of relationship with you.
